RESOURCES AND AUTHORITY

Consistent with the applicable laws and with rules of the NYSE, the Committee shall have the sole authority to: (1) select, retain, compensate, direct, oversee and terminate compensation consultants, outside counsel and other advisors necessary and appropriate to assist or advise the Committee in carrying out its duties and obligations under this Charter; and (2) fund, as determined by the Committee, expenses of the Committee and its advisors that are necessary or appropriate in carrying out its duties and obligations under this Charter, which expenses shall be borne by the Company. To the extent reasonably possible and without restricting the Committee’s authority referenced above, the Committee shall provide management with advance notice prior to the engagement with any such consultants, outside counsel and other advisors.

The Committee may select or review advice from an advisor only after taking into consideration all factors relevant to that person's independence from management, including the following:

- The provision of other services to the Company by the person that employs the advisor.
- The amount of fees received from the Company by the person that employs the advisor, as a percentage of the total revenue of the person that employs the advisor.
- The policies and procedures of the person that employs the advisor that are designed to prevent conflicts of interest.

- Any business or personal relationship of the advisor with a member of the Committee.
- Any stock of the Company owned by the advisor.
- Any business or personal relationship of the advisor or the person employing the adviser with any executive officer.

After considering the independence factors outlined above, the Committee may select, or receive advice from, any advisors it prefers, including ones that are not independent. The Committee conducts the independence assessment annually for its outside advisors.

The Committee is not required to conduct the independence assessment outlined above for in-house counsel or any advisor whose role is limited to the following activities for which no disclosure is required under Item 407 of Regulation S-K under the Exchange Act: (1) consulting on any broad-based plan that does not discriminate in scope, terms, or operation, in favor of executive officers or directors of the Company, and that is available generally to all salaried employees; and/or (2) providing information that either is not customized for a particular company or that is customized based on parameters that are not developed by the advisor, and about which the advisor does not provide advice.

If the Committee determines that the work performed by an advisor retained by the Committee has raised any conflict of interest, the Committee shall disclose to the Board the nature of such conflict of interest and how it is being addressed. In determining whether a conflict of interest exists, the Committee shall consider the factors described above and any other applicable requirements of the rules and regulations adopted by the SEC.

The Committee may form one or more subcommittees, each of which may take such actions as may be delegated by the Committee. The Committee may delegate its authority except to the extent prohibited or restricted by applicable law or regulation or by the Certificate or Bylaws.

In accordance with the provisions of Delaware corporate law, members of the Committee shall, in the performance of their duties, be fully protected in relying in good faith upon the records of the Company and upon such information, opinions, reports or statements presented to the Committee by any of the Company's officers or employees or by any other person as to matters the Committee member reasonably believes are within such person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Company.
